U.I.L. GENERAL ELIGIBILITY RULES

According to UIL standards, students are eligible to represent their school in interscholastic activities if they:

- are not 19 years of age or older on or before September 1 of the current scholastic year. (See 504 handicapped exception.)
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time day students in a participant high school.
- initially enrolled in the ninth grade not more than four calendar years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the *Constitution and Contest Rules).*
- have observed all provisions of the Awards Rule.
- have not represented a college in a contest.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not allow their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which the violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.
- I have been provided the UIL Parent Information Manual regarding health and safety issues and my responsibilities as a parent/guardian.

Parent (Guardian) Permit

I hereby give my consent for the above named student to compete in UIL/LISD approved athletic sports and travel with the coach or other school representative on any trips. I have read and understand the UIL Rules listed in this document and agree that above student will abide by all UIL, school, and team rules. I also agree to be responsible to the safe return of all athletic equipment issued by the school and will pay for any and all lost, stolen, or damaged equipment.

Assumption of Risk & Release of All Claims

All athletes will be coached, instructed and conditioned to compete at the peak of their abilities. It is understood that even though protective equipment is worn by the athlete, whenever needed, the possibility of an accident still remains. Each coach is aware of the dangers and will make every effort to prevent injuries with proper conditioning, protective equipment and safety practices. However, not all injuries are preventable and SEVERE INJURIES OR EVEN DEATH CAN OCCUR DURING ATHLETIC PARTICIPATION. Neither the UIL nor the LISD assumes any responsibility in case an accident occurs.

I understand the possible risk of injury present in athletic participation. I do hereby agree to indemnify and save harmless the LISD, its agents, employees and officers from any and all claims, demands, actions, judgements, and executions which I may have or which my heirs, executors, administrators or assigns may have or claim to have against the LISD, its agents, employees, officers, parent-volunteer, successors in interest or assigns for all personal injuries, known or unknown, and to all known or unknown injuries to property, real or personal, caused by or arising out of participation in athletics including travel and related activities.

Medical Consent

If, in the judgement of any representative of LISD, the above student should need immediate care and treatment as a result of any injury or illness, I do hereby request, authorize and consent to such care and treatment as may be given said student by any Physician, Athletic Trainer, Nurse, Hospital or school representative.

In the event of serious injury or illness, I understand that an attempt will be made by a LISD representative, attending Physician or Nurse to contact me in the most expedient way possible. If direct communication is not possible, the treatment necessary for the welfare of above student is authorized. I understand that this authorization is given in advance of any specific diagnosis, treatment or hospital care being required but is given to provide authority and power on the part of the aforesaid agent(s) to give specific consent to any and all such diagnosis, treatment or hospital care deemed advisable.

Echocardiogram Screening

The pre-participation exam of the heart is meant as a screening for various heart conditions but will not guarantee the underlying heart abnormalities or serious heart conditions will be detected upon exam. An echocardiogram screening can detect hypertrophic cardiomyopathy (enlarged heart) and certain underlying heart conditions that could lead to sudden cardiac death. This is not a requirement of the pre-participation exam.

Medical History

I hereby state that, to the best of my knowledge, my answers to all questions are complete and correct. Failure to provide truthful responses could subject the student in question to penalties to be determined by the UIL. At anytime after completion of this document or during the school year, any illness or injury should occur that might limit this student's participation I agree to notify by written doctor's orders the school authorities of such illness or injury.

Non-Prescription Authorization

I hereby give my consent to LISD staff and Physicians to administer the non-prescription items to my child as checked.
